

Over 65? Prepare TODAY for a Well-Lived Future TOMORROW

Meadowood Life Plan at Home

THE MEADOWOOD LIFE PLAN AT HOME PROMISE

Membership in **Meadowood Life Plan at Home** answers those future health need “What ifs.” We ensure confidence, the kind of security you receive knowing you or a loved one has a **LIFETIME** of personal care services, nursing care or even memory care. And these services are all provided by a professional, caring staff, for a predictable fee, *in your own home*.

MEADOWOOD
AT HOME

While traditional health insurance and Medicare may cover medical expenses and hospital stays, they don't address significant out-of-pocket costs related to personal care, in-home supportive services and long-term care. That's where membership in the **Meadowood Life Plan at Home** program comes in. We offer a comprehensive program, ensuring that, if health needs change, you receive supportive living services in your own home, **with no annual or usage limits**.

Your Personal Advocate

With **Meadowood's Life Plan at Home** membership, you're provided a personal advocate, someone who knows you, your family and your preferences. Your personal liaison coordinates any in-home services you may need, from short-term rehabilitation after a hospital stay to long-term care, memory support or end-of-life care. You can live comfortably knowing that any **changes to your health will be fully supported by people you know and trust**.

Protecting Your Assets

Meadowood's Life Plan at Home program includes a one-time, age-based membership fee that's a fraction of the cost of most retirement communities' entrance fees. Members then pay a small, ongoing monthly fee which covers our all-inclusive concierge, care management and health and wellness services.

IN A NUTSHELL: Four Great Reasons to Choose Meadowood Life Plan at Home

Care Coordination

While regular long-term care insurance policies offer some financial comfort, they don't help families navigate care coordination and management, a task that, let's face it, can become emotionally draining and time-consuming. Meadowood Life Plan at Home removes this stress by coordinating all necessary care services for you. We understand and honor your unique preferences to every extent possible – a level of service that even the best long-term care insurance policy can't provide.

Financial Benefit

Many long-term care insurance policies only cover a fraction of the daily cost of care, and most have lifetime limits. Membership in the Meadowood Life Plan at Home program limits this risk, covering the full cost of care, and ensuring your assets will not become vulnerable to rising health care costs and risk being depleted.

Tax Advantages

A Meadowood Life Plan at Home membership offers tax advantages. In most circumstances, both your membership fee and monthly service fees can be deducted as medical expenses from your federal income taxes. This amount depends upon current tax law. Consult your tax advisor for specific benefits.

Peace of Mind

You and your family will enjoy the comfort that comes from having a comprehensive and solid plan delivered by an exceptional and experienced health care organization like Meadowood Senior Living. The knowledge that you have prepared for life's "What If's" is both a financial and emotional gift to yourself and your loved ones.

WE HAVE YOU COVERED

JOIN US for a free informational seminar to learn how early planning for later life can make a big difference in where you receive care, the quality of your care and how you can reduce these costs.
